Blue jean baby
With your big blue , blue eyes
Don't want you lookin' at other guys
Got to make you give me one more chance
I can't keep still so baby let's dance
Well blue jean bop is the bop for me
Well its the bop that's done in dungarees
You dip your hip , you free your knees
Swing it on your hell baby 1 2 3

Blue jean bop
Blue jean bop baby , blue jean bop
Blue jean bop baby , blue jean bop
Baby won't you bop with jeans .

Bop it now bop

Well blue jean baby when I bop with you
Well my heart starts hoppin' like a kangaroo
My feet do things they never done before
Well blue jean baby give me more , more , more .
