One belief in the words you say  
One belief in time that slowly fades away  
One belief in my destiny  
One belief in love to save my last retreat  
No, I won't cry for yesterday  
I won't scare your dreams away  
But I'll believe in you  
Through all my days remained  
Oh, let your loving light my way  
Is it the way you hold me  
Or the way you make me feel ?  
Or is it one belief ?  
Is it the certainty ?  
There'll be no one else I'll ever need  
'Cause till the end of time  
It's only one belief  
One belief in the nights we spent  
One belief in the wisdom of your hands  
One belief in the things you told  
One belief in growing younger while growing old  
It's a simple confidence

For the faith that's in my hands  
And the times ain't so tough  
Ain't so tough as it seems  
Oh, let your loving light my way  
It's the way you hold me  
And the way you make me feel  
This is one belief  
And it's the certainty  
There'll be no one else I'll ever need  
'Cause till the end of time  
It's only one belief
