

Vincent Tony "Do You Really"

Visit "[Do You Really](#)" on MotoLyrics.com

Have I ever tried to hurt you?
What have I ever done to make you feel your faith?
All I ever did was show you
The kind of love that takes you all the way
Do you really wanna live forever?
Do you really want to make this heart your home?
Do you really wanna pass this dream along?
Do you really wanna know the reason?
Can you identify this feeling
That I'm trying to wrap around you now
I'm in the habit of forgiving
So if you need me tell me to right now
Do you really wanna live forever?
Do you really want to make this heart your home?
Do you really wanna pass this dream along?
Do you really wanna know the reason?
You always know where you can find me
You know that I will always love you
Do you really wanna live forever?
Do you really want to make this heart your home?
Do you really wanna pass this dream along?
Do you really wanna know the reason?
Do you really wanna live forever?
Do you really want to make this heart your home?
Do you really wanna pass this dream along?
Do you really wanna know the reason?
Know the reason(Ba ba ba ba ba)
Know the reason(Ba ba ba ba ba)
Know the reason(Ba ba ba ba ba)
(Know the reason)
