# "Supply And Demand"

Visit "[Supply And Demand](#)" on MotoLyrics.com

I put this up  
Ignored It far too long now  
A need of space and challenge  
Same thoughts all night

You first supplied  
then detered me  
No blood shed  
well, misunderstand me right

And I'm trying, yes I'm trying to forget you  
and I'm trying to forgive  
We've come a long way you and I  
And I'm trying  
Though it feels like you're regretting me  
I'm trying to forgive

When reborn  
With the taste of blood  
In my mouth I finally explore new lands  
Breaking new waves

And now when everybody falls in line  
Let's do what we're supposed to do  
Hit it hard and loud  
And now when everybody falls in line  
Let's do what we all wanted to  
They can't keep us down, no!

All the right ideas  
Surprised you let me go  
You used to blind my eyes  
And deaf my ears

And now when everybody falls in line  
Let's do what we're supposed to do  
Hit it hard and loud  
And now when everybody falls in line  
Let's do what we all wanted to  
They can't keep us down, no!

Just try to understand me  
I'm among people who make a stand now  
I think I finally found  
Supply for my demand  
These streets can carry me

And now when everybody falls in line  
Let's do what we're supposed to do  
Hit it hard and loud  
And now when everybody falls in line  
Let's do what we all wanted to  
They can't keep us down, no!
