What's the point in knowing you
When all you seem to do
Is send me in the figures way
You make me think i got
A chance and a shot but you never let me stay

I don't want you i've had enough of it why do you try to
bring me down?

Cuz i dont want you to hurt me anymore
I don't want you
And i dont want to
Care about you
I don't want you anymore

You kick me back again
Cause you only want me now and again
I don't get you anymore
So i'm going home to write this humble song
Like i should have done before

Your yet to show your feelings to let me know
You've got no right to feel so low

Cuz i dont want you to hurt me anymore
I don't want you
And i dont want to
Care about you
I don't want you anymore
I dont want you to hurt me anymore
I don't want you and i dont want to care about you
I don't want you anymore X5 !!!
