My friends say i'm insane,  
standing in the rain,  
living in this fiction!

The angels got her wings attatched,  
Elastic bands across her back,  
making me her mission!

The TV spreads the news...  
In this mixed up, messed up crazy world  
All i think about is you!

She will, she won't,  
She does, she don't,  
She comes, and goes....  
And nothing's black or white!  
She drink, she smokes,  
She's rock and roll,  
So there's some hope...that tonight  
If I get this right....  
She Might!

Hanging at the pleasuredome,  
We can work out ticket home,  
If your slipper shatters!

The head of state aint gonna last,  
living in this house of glass,  
All these things, they just don't matter!

The TV spreads the news...  
In this mixed up, messed up, crazy world  
All I think about is you!

She will, she won't,  
She does, she don't,  
She comes, and goes....  
And nothings black or white!  
She drinks, she smokes,  
She's rock and roll,  
So there's some hope...that tonight

If I get this right....  
She Might!

And if I turn the corner,  
Will it turn the tide?  
Will it help the stars to fall...  
In line when ours collide!  
And can I see the future?  
You and me someday,  
Is there any way....?

She will, she won't,  
She does, she don't,  
She comes, she goes....  
And nothings black or white!  
She drinks, she smokes,  
She's rock and roll,  
So there's some hope...that tonight  
If i get this right....  
She will, she won't,  
She does, she don't,  
She comes, and goes....  
And nothings black or white!  
She drinks, she smokes,  
She's rock and roll,  
So there's some hope...that tonight  
If i get this right....  
Oh...she Might!
