to kill a mockingbird  
is to silence the song  
that seduces you  
why?  
'cause you need that desire in your heart to survive  
and you need that burning fire in your soul to know  
you're still alive  
so catch me when I fall  
or did I dive at your delight?

in my heart I can fly  
and I cannot disguise my love  
there is no time  
and I wouldn't know how  
constellations tonight  
are so fiercesomely bright, my love  
I have no fear  
I am Atticus now

remember what I lost like hot coals in my hand from  
days gone by  
like Pandora adored the euphoria as her heart raced  
like love lost you've got to try even in vain  
feels like you'll go insane  
but you're the hardest instrument that I've ever had to  
play

in my heart I can fly  
and I cannot disguise my love  
there is no time  
and I wouldn't know how to  
constellations tonight  
are so fiercesomely bright, my love  
I have no fear  
I am Atticus now

so why don't we fall into the waves?  
can't you see how my heart yearns to misbehave?

in my heart I can fly  
and I cannot disguise my love

there is no time to  
and I wouldn't know how  
constellations tonight  
are so fiercesomely bright, my love  
I have no fear left  
'cause I am Atticus now

so why don't we fall into the waves?  
can't you see how my heart yearns to misbehave?
