[Chorus:]

Throughout my struggles, I remain with the rap
I can't lose, I'm a winner, made my way from the back
A born leader, stayin' on point and never slack
I never left and they still welcome me back
[repeat]

(Welcome back)

[Verse 1:]

Back like the first time I had to walk away
From the drama, a bottle just to start my day
Keeps me balanced, no need for violence, man that
sh*t is childish
I had to earn my respect holding a deeper silence
Meditation, but still I see it's never changing
Cats is devastated cuz they lives ain't elevating
Forever blazing these mics when in sight
Leavin' trails when I walk in the night, so y'all know
where I'm at
On the scene I'm wearing black, puttin' fear in cats
When they feel my presence, my own class I can teach
the lesson
They still talking sh*t while I was gone
When they hear I'm coming then they just decide to get
calm
Squeeze off, let it breeze off the side of they arm
Reciting every scripture from the bible to the Quran
Praying for they life, Hail Mary full of grace
As I flee the scene evading the case

[Chorus:]

Throughout my struggles, I remain with the rap
I can't lose, I'm a winner, made my way from the back
A born leader, stayin' on point and never slack
I never left and they still welcome me back
[repeat]

(Welcome back)

[Verse 2:]

We stay grindin' still finding ways to make that paper
Blood money drug money get you caught up
Call the undertaker another funeral service
Birds fly at the sound of my step, seeing me in
person's
More like, leavin' cats speechless cuz my bars tight
They eyes in the back of they head like sniffin' raw
white
Wildin' out I take wives and make em mine instantly
Showin' em a new life when they don't mean sh*t to me
God deliver me from all of my sins
Cuz I wanna be better put that on all of my rims
Tried to do the right thing but the negative take over
My mental ain't too easy to gain control of
Now hold up, now give me back my sanity please
Walk away from it all, keep the swag in my jeans
B*tches askin' bout my whereabouts naggin' my team
I tell em keep holdin' on get a hold of my songs until
I'm back

[Chorus:]

Throughout my struggles, I remain with the rap
I can't lose, I'm a winner, made my way from the back
A born leader, stayin' on point and never slack
I never left and they still welcome me back
[repeat]

(Welcome back)

[Verse 3:]

Now that I'm back I ain't really impressed,
I see a select few but ain't no space for the rest
Oh, so you rap now? Good! what else should I say
I should be f*ckin' with you? Nah you gotta come better
Man these dudes is chameleons, don't know how to act
Study my moves and now they wanna rap cuz I rap...
I don't know if I should take offense or laugh it off
Or just feel honored at the fact they try to mask it off to
fit em
I spit it with precision
True stories great enough to form my own religion,
and make you start believin'
My limit is beyond the sky
Multiptyin' my worth I'd be pass this earth, you f*ckin
jerks
I came to take everything and leave none
The story has just begun, from now on it's just a rerun
What you see son is something you aspire to be
I don't even talk to em, they admiring me

[Chorus:]

Throughout my struggles, I remain with the rap
I can't lose, I'm a winner made my way from the back
A born leader, stayin' on point and never slack
I never left and they still welcome me back

(Welcome back)
