I am a Vine
All twisted and frayed
Lookin' for light
A million ways

Time hangin' around
Been getting me down now baby, yeah
Show me any sound
Kill me now I'm dead

Keep for yourself
Or throw it away
Damage your health
Or manage your brain

Time hangin' around
Been getting me down now baby, yeah
Show me any sound
Kill me now I'm dead

Time hangin' around
Been getting me down now baby, yeah
Show me any sound
Kill me now I'm dead
