In the jungle you can sleep  
With the commandments at your feet  
Where the devil lays his hand

You don't even need to think  
I'm tearin' holes without a sink  
But I know just where I stand

Lines from the story, you put before me  
I don't know what to choose  
Under the oak tree, tin all around me  
I don't know what to prove  
Yeah she felt, you felt like hell

In the jungle, you're in the jungle  
You're in the jungle that's you  
In the jungle, you're in the jungle  
You're in the jungle, ooh

And I'll be waitin' for a hit yeah  
Ain't gonna seem fair tonight  
And I'll keep havin' other fits yeah  
Because it makes me feel alright  
Alright, alright, ooh yeah, right ooh yeah, yeah

So if you should need a hand  
Write down the address of the land  
But I'm runnin' out of time

Under the oak tree, tin all around me  
I don't know what to prove  
Lines from the story, you put before me  
Can't you ignore me, like I do  
(I'll tell you when it's time to leave)

Under the oak tree, tin all around me  
Can't you ignore me, like I do  
(I'll tell you when it's time to leave)

In the jungle, you're in the jungle  
You're in the jungle  
(I'll tell you when it's time to leave)

In the jungle, you're in the jungle  
You're in the jungle  
(I'll tell you when it's time to leave)  
You're never gonna get clean

In the jungle, you're in the jungle  
You're in the jungle
