Oh, baby girl
I wanna see you night and day
And in my world
I hope nothing will ever change

For you girl
I'll be waiting and waiting
And waiting and waiting

Oh, baby girl
I wanna ride into the sun
And in my world
Try take a shot at everyone

For you girl
I'll be waiting and waiting
And waiting and waiting

You should know
I'll be waiting and waiting
And waiting and waiting

Oh, baby girl
Oh, baby girl
I love you

Oh, baby girl
Oh, baby girl
I love you
