# "Orange Amber"

Visit "[Orange Amber](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Orange amber in the sun  
Shining 'til the day is done  
I remember long ago  
Standing in that orange world

How did the time just slip away?  
I'd do anything to make it stay

Orange amber in the sun  
Shining 'til the day is done  
I remember long ago  
Standing in that orange world

Been searching high, been searching low  
Well, there ain't no better place to go

Orange amber in the sun  
Shining 'til the day is done  
I remember long ago  
Standing in that orange world

Orange amber  
Orange amber  
Orange amber  
Orange amber
