There's no point in doin' what I've done
Lives are goddamn ruined like the runts, like the runts

Take me back to the weather
Bend the tracks, wish forever
Take me back, for I go down there no more

Chew us up and spit us out again
Wavin' bye and getting high on trends, high on trends

Take me back to the weather
Bend the tracks, wish forever
Take me back, for I go down there no more

Well, the road is long
But I know I can survive
Been away so long
Anyway I saw what I could find

Take me back to the weather
Bend the tracks, wish forever
Take me back, for I go down there no more
