Scumbags of the world, time to fight  
Let's band together in the cracks in which we hide  
Husbands, lovers, wives, don't be denied  
Come out with all those deeds you hide  
Break a little heart, make pain your art  
And then you'll watch the fun just start

I'm singing, singing ... now

Scumbags of the world, let's unite  
Let's drop our covers in the cracks in which we hide  
Preachers, lonely men, don't make amends  
No need to cloak your deeds with heaven  
Have a little fun, put down someone  
No need to do it for the Son

We keep saying, "For the good of mankind" now  
We keep smiling then we so 'em behind now  
Our happy faces kill 'em all of the time now  
We keep smilin' ...

Scumbags of the world, cut the crap  
We got 'em by the neck, just make the snap  
Lawyers, business gents, drop the pretense  
Stuff all them bucks inside your pants  
Doctors, just come straight and  
Operate whenever your bank book dictates

Scumbags united ...

I'm singing this song now  
I'm singing this song in hell  
I'm singing this song now  
I'm singing this song in hell ...
