Leave, keep your lonely heart
I don't care, it's your heart
Let's keep few things apart
This love ain't the end, it's my start
Who killed my lonely heart?
When you're gone, we're apart
Who love my lovely heart?
Now when love ends says you start

You are on your way
I and I'm still searching
You are in your girlfriends bed
I am right here where we started

Do you still care about me?
Do you still care, do you still care babe?
Do you still care about me?
Do you still care, do you still care babe?

Sweet as this love once was
You and me, now we're lost
Tune out but I'm alright
A second sight brought me some light
God bless my inner strenght
Not afraid to feel pain
God bless your one-way train
Byebye take care, byebye

You are on your way
I and I'm still searching
You are in your girlfriends bed
I am right here where we started

Do you still care about me?
Do you still care, do you still care babe?
Do you still care about me?
Do you still care, do you still care babe?

Being left here alone, it rips my heart out
Seeing you doing good, it rips my heart out
Brown-eyed beauty of yours, she rips my heart out

I can't make up my mind, it rips my heart out

Being left here alone, it rips my heart out
Seeing you doing good, it rips my heart out
Brown-eyed beauty of yours, she rips my heart out
I can't make up my mind, it rips my heart out

Do you still care about me?
Do you still care, do you still care babe?
Do you still care about me?
Do you still care, do you still care babe?

Do you still care about me?
Do you still care, do you still care babe?
Do you still care about me?
Do you still care, do you still care babe?
