(Vinnie Vincent)

She's the kind of girl that I love to love

The angels sacred mystery

Heaven sent from up above

She's a living fantasy

Poetry in motion she takes my breath away

And when I drink from her fountain of love

It tastes sweeter more each day ooh baby

CHORUS

Deeper and deeper--deep in love with you

Deeper and deeper--deep in love with you little girl

Lady love I know your name

You're always on my mind baby

Emotions that I just can't explain

It feels just like the first time

Heavens chosen angel the answer to my prayers

I found a new kind of wonderful

This magic we share

CHORUS

Deeper and deeper--deep inside my heart

Deeper and deeper--we're never going to stop fallin'

Deeper and deeper--deep in love with you little girl

Deeper and deeper--deep in love with you

I know she loves me only

She's with nobody else

I never thought I'd feel this way

Words alone can't tell

CHORUS
