[Vinnie Vincent and Robert Fleischman]

You fired the first shot without fair warning  
Love's silver bullet through the heart  
Shell shocked, you brought me to my knees...I've fallen  
All is fair in love and war  
I kissed your lips and heard the siren's call  
Into your spider's web I fall

Onto the battlefield of lust we thunder  
Like titans clashing through the night  
Over who will wear the crown of passion  
Let flesh and fantasy begin  
Let pain and pleasure be our only sin  
Let your heaven burn to take me in

[Chorus]

Invasion! That's how you come on to me  
Invasion! You were armed with ecstasy  
Invasion! You claim your victory  
Invasion! Your love has conquered me

A lonely hunter in disguise, she's a killer  
She breaks the silence of the night  
And she uses all nine lives to stalk her prey:then she strikes  
And like a thorn you leave your sting  
You shoot your arrow with cupid's wing  
I feel the rush of heat your touch can bring

[Chorus]

Invasion! That's how you come on to me  
Invasion! You were armed with ecstasy  
Invasion! You claim your victory  
Invasion! Your love has conquered me

[Bridge]

Hot blooded combat got my back against the wall  
Hand to hand, soul to soul, red lights flash  
And the winner takes all

[Solo]

[Chorus]

Invasion! That's how you come on to me

Invasion! You were armed with ecstasy

Invasion! You claim your victory

Invasion! Your love has conquered me
