Out on the cycle
As fast as it could go
In and out of traffic
Every unexpected road
I was running from the law
Don't recall the violation
Did I tell you about the day
The day I got away

Fall out of reach
Now you can't hear
Who's to say you're not really there
Maybe it's time that someone tried to
Get through

The dogs are barking
Too early to make out
Anything of this
Mess I made now tumblin' over
Tell me what I think I've missed
Why did you wait so long?
To find what we've all been missing
Shouldn't have waited all this time
Maybe it's all lost in your mind

Rolling around what's all in place
Trying to find what's been erased
How many times that no one ever
Get through

Why did you wait so long?
To find what we've all been missing
Couldn't have waited all this time

Maybe it's all lost in your mind
Why did you wait so long
To find what we've all been finding
Couldn't have waited all this time
It's never too late to start your life
