Looking at my picture on your wall
Just like a thousand times before
If dreaming of me ain't good enough
Why don't you come to me for more

So close your eyes and your fantasy comes true
I'm gonna give you all my love so stop feeling blue

Let me love you
Let me love you

Girl you must be crazy if you still believe
In all the stories, in their lies
Inside your heart you know what you want
Why don't you give it one more try

So close your eyes and your fantasy comes true
I'm gonna give all my love
So stop feeling blue

Let me love you
Let me love you
Let me love you
Let me love you

I don't need no excuses
I'm never gonna refuse
your love

[Guitar solo]

So close your eyes and your fantasies come true
I'm gonna give you my love so stop feeling blue

Let me love you
Let me love you
Let me love you
Let me love you
