You are my best friend and I will try to understand
The moment, believe me
I'll be there, so just take my hand
Cause I know that we were meant for each other

Don't you run for me
Cause I make you see

Love is meant to last forever
Oh yeah
Love is meant to last forever
Oh yeah

I never thought you could leave me
and I believe you felt the same
But now that it's over
I realize I'm the one to be blamed
Hey listen, I know that things will get better

So hold on to me
Cause I make you see

Love is meant to last forever
Is it too hard to understand?
Love is meant to last forever
Why can't you hold on to love?

[Guitar solo]

Love is meant to last forever
Is it too hard to understand?
Love is meant to last forever
Oh oh yeah
Love is meant to last forever
You gotta hold on to love
Love is meant to last forever
Hold on to love

[Guitar solo]
