"Too Many Hearts"

Run your hand
Through your hair
Paint you face
With despair
If you won't give love to me
You are free
To run from me

All the years I've seen many ways to go
Over years nobody will ever know
See the fool inside me
Breaking far too many hearts

Run your hand
Through my head
Fill my days
With your care
If you can't give love to me
I will be more than free

Over years I've seen many ways to go
Over years nobody will ever know
See the fool inside me
Breaking far too many hearts
Far too many hearts
Far too many broken hearts
