Uh april, april's gonna make u bounce (bounce)
So get on your feet (wut)
Uh jae-e, jae-e's gonna make u bounce
With the funky beat (wut)
Uh april, april's gonna make u bounce (bounce)
So get on your feet (wut)
Uh jae-e, jae-e's gonna make u bounce (let's bounce)
Here we go

Whoop whoop whoop whoop whoop whoop whoop
Whoop whoop whoop whoop whoop whoop whoop

Boy, boyfriend listen up to wut i have to say
There's so much goin on i'm changing growing
everyday
U need to give me space
We need to end this chase
And maybe we will hook up some other time
My best friend told me u been callin her at home
But that's ok i understand you're young and need to
grow
I've got those numbers too
U need to buy a clue
And time will tell if we were meant to be

[chorus]
A young girl growing up can be complicated
The indecision of a girl of a girl must be anticipated
Do wut i want, that's wut i'm all i about
Don't pout (don't pout), don't hate (don't hate), don't
trip
I'm too young to commit
A young boy growing up tryin be a playa playa no
One day the boy will be a man if he let it go
Don't be a hater boy, don't make me break it down
Don't pout, don't hate
U need to know that i am too young to commit

Behind your back they call u georgie porgie puddin pie
'cause you're the one that tries to kiss the girls and 'em
cry
U make me wonder why

I've entertained the thought of u and i while u were
playin games
Your best friend walked me home just the other day
It's kinda cool i'm catchin feelings for him anyway
We need to break today
From all the child's play
The choice for me for now is not to choose

[chorus]

A young girl growing up can be (so complicated)
The indecision of a girl of a girl must be anticipated
(just leave me alone)
Do wut i want, that's wut i'm all i about
Don't pout (don't), don't hate (don't even trip), don't trip
I'm too young to commit
A young boy tryin be a playa playa no

One day the boy will be a man if he let it go (you'll be a
man if u let it go)
Don't be a hater boy, don't make me break it down
Don't pout, don't hate (let me hear the voices sing it for
me)
Just know that i'm too young to commit

Whoop whoop whoop whoop whoop whoop whoop
Whoop whoop whoop whoop whoop whoop whoop whoop
Whoop whoop whoop whoop whoop whoop whoop
