

## Notaries, The "And To Think"

It is a new year.  
It is a dark day.  
I should be happy,  
to be in such good grace.  
Take a walk through the town,  
don't let emotions show.  
I'd rather get tortured,  
rather get broken bones.  
And to think I have wasted all that time,  
to not speak up to the girl that was on my mind.

Start a resolution,  
start a new slate,  
change some meanings,  
rearrange fate.  
Get a new look,  
the old one's over.  
Maybe a new view,  
on how far I'd go just for her.  
And to think I sat in the audience all the time,  
when I could be on stage getting the girl in my arms  
and out of my mind.

And to think I could have done something months ago,  
so I wouldn't be here this day alone.  
It's easier to think than to act,  
and it's hard to know how someone will react.  
And to think I was so obsessed,  
with the hope I lacked.

And with the 'ands' I rant onâ€¦  
and memories of old and gone,  
and with her I'd press on,  
for new memories of old and gone.

And to think I could have done something years ago,  
so I wouldn't spend the next night alone.  
It's easier to fail when you don't try,  
and it's easier to die when you don't try.  
And to think I wasn't so obsessed,  
with getting her reply.
