If I surrender to the night,  
will there be more to life than living?  
If I surrender to the light,  
will I have something worth giving?  
Giving up is always up there,  
but there's you, and I swear,  
I swear you could keep me here forever,  
if forever you can bear.

Always one for contempt,  
dreaming a dream you wish undreamt.  
You go from confidence to self doubt,  
don't be another sell out.  
I have words that mean the most that are not said,  
but they're the words I'd like to shout.

Have I written the perfect song for you?  
Would you even give me a look, or a glance now?  
Would you find it in your agenda,  
to just see me somehow?

I just want to be with you tonight, girl.  
I wish that I could be with you tonight girl!  
I was always the one to you'd tempt,  
and I'm dreaming a dream I wish undreamt.

You're a good thing as long as my thoughts stay silent,  
the only thing that gives me hope,  
is I know, oh I know,  
all good things must come to an end,  
it's how I cope.
