Lay in your bed alone.
Give me a decent goodbye.
I could walk away from you,
but I could also easily die.
You've got your life,
your family and friends.
I've got mine,
where everything always depends.

How loud must I sing?
How long must I wait?
Me and you,
it has to be fate.

I wander in the streets,
I wonder awake at night,
if I had to, wanted to,
get my words just right.
When I learn to spit them out,
you'll be the first to know, I swear,
for you, I'll always,
always be there.

Listen very closely darling.
I can no longer wait,
Me and you,
it has to be fate.

For the brightest soul,
To the prettiest heart,
to the heartfelt smile,
I love you.
For the brightest soul,
To the prettiest heart,
to the heartfelt smile,
I love you.
For the brightest soul,
To the prettiest heart,
to the heartfelt smile,
I love you.
I love you.
