The darkness sings,  
And we try to sleep.  
Tell me dear,  
What do you think?  
Are we falling?  
Are we calming now?

Let's go.  
Sing out loud.  
Pray on the ground.  
Heartache is found.

Rest now, Restless spirits.  
You're as haunting as us.  
Let's go, come on dearest.  
Down in the dark we go,  
And the darkness sings,  
And we try to sleep.  
Tell me dear,  
What do you think?

Let go.  
Sing out loud.  
Let go of everything,  
Heartache is found.  
Pray on the ground.

Why did this start?  
Why rip me apart?  
Because the darkness sings,  
And we try to sleep?  
Tell me dear,  
What do you think?

Rest, Rest.  
Let go.  
Let go of everything,  
Heartache is found.  
Pray on the ground.
