Yo, this song goes out to all you sexy girls who push
the dim sum carts all
over the world...you know who you are, babies...you
work so hard and we love
you so much....check it out yo

It's been so long since I've seen you smile
looking so good coming down that aisle
with that sexy dress and a little dim sum
makes me crazy when I order chow fun

people - they're telling me
that i shouldn't bother with a lady
like you - you rock my world
yes you - my dim sum girl

watching...waiting...waiting for you baby
to tell me that I'm the guy for you and that you wanna
be my lady
one day yes you will see - that I will always be
the one who will make fried rice for you for all eternity

Dim sum girl
you really rock my world
my dim sum girl
I never thought i'd find a
girl from northern china
who make me feel so good

Dim sum girl
in such a crazy world
my dim sum girl
I'm going to make it all right
we can party all night
so beautiful and pure

My dim sum girl

Why you gotta tease me, baby...
you're driving me crazy
don't you see...

don't play me like that, baby - please
just give me one chance

In the morning - at noon, at night
I think about you and it feels so right
so happy - when you look my way
when i talk to you you make my day
I see the tears in your eyes
please my baby don't you cry
tomorrow is a whole new day
let's me and you sing karaoke

Together...forever...that's the way it's got to be
please make my dream come true so I can live my
fantasy
oh say that you'll be mine - you know it's a matter of
time
come eat my rice with your chopsticks and leave the
spoon behind

Dim sum girl
you really rock my world
my dim sum girl
I never thought I'd find a
girl from northern china
who make me feel so good

Dim sum girl
in such a crazy world
my dim sum girl
I'm going to make it all right
we can party all night
so beautiful and pure

My dim sum girl

I don't wanna live without you dim sum girl
take me away to your dim sum world
I want to hold you
I want to squeeze you
please say you will be mine - all mine

Hey baby you wear that dress for me?
you look great...what time you get off work, huh?
you must be so tired....let's say you and me go get
some boba tea -
relaxing....
what's wrong, baby?
what's wrong?
did I say something?
don't leave me this way baby, no - don't go....

you are the only one for me...please don't break my
heart like this!
no more fooling around....
I'm not a player anymore!
come back to me, baby....
come back to me.....
