AAAAAWWW Yeah....

we ain't goin' nowhere, boy ha ha ha....
time to fire up another MSG joint yo.....

M-S-G coming at you full effect
we're gonna take your order and we don't forget the
check
we're always down if you want to smoke the buddha
pull out the bong with my little six shooter
yeah it's time to bring my crew in
we're grooving
so get your booty moving
to what we're doing
proving - that we are number one
3 boys out of Chinatown havin' lotsa fun

Cruising down the street in a yellow limousine
bouncing to the beat sipping on our oolong tea - egg
rollin'
take hits from the bong or pack it in a bowl
roll it nice and tight in a fatty egg roll - egg rollin'

Yo what's up my MSG doggies...
I've got my boy D-Lo right here
and he wants to tell you about where HE comes from -
you dig?

Smoking that indo
drinking that rum
we do not give a damn 'cause we're goin' platinum
got a keg of soy sauce in the back seat brewin'
next to the fine bitches that we're doin'
hey-ay - you know what I say?
cooking lunch and dinner every mothersuckin day
don't pay for the food it's trouble
next time we're gonna charge you double

Cruising down the street in a yellow limousine
bouncing to the beat sipping on our oolong tea - egg
rollin'

take hits from the bong or pack it in a bowl
roll it nice and tight in a fatty egg roll - egg rollin'

Yo that's the way the MSG like to do it, yo....just
chill...laid back

East side to the West side
everybody outside
yeah they're lookin real fine
now it is the time
forget about the bad news
take out your menus
have a bite of mu shu
kickin' it old school
every single day
mixing up the rhythm
with the chow mein
we are number one
number one with a bullet
if you got a problem you can suck to it

Let me hear you boys say Egg Roll
everybody in the house say Egg Roll
if you're feeling horny you say Egg Roll
shout it out loud you say Egg Roll Egg Roll
let me hear you boys say Egg Roll
everybody in the house say Egg Roll
if you're feeling horny you say Egg Roll
shout it out loud you say Egg Roll

Cruising down the street in a yellow limousine
bouncing to the beat sipping on our oolong tea - egg
rollin'
take hits from the bong or pack it in a bowl
roll it nice and tight in a fatty egg roll - egg rollin'

Yo know boys, hitting all these egg rolls are making me
mad hungry, yo
yeah, hungry for the ladies more like it
oh yeah, now you're talking G....
we're out
peace to the mother
