Her body moves like a river
But her fingers taste like fire
She holds the hand of the Devil and thinks she's free
She knows the hands of the Devil
'Cause she lost her key to Heaven
But I found her heartbeat rhythm deep inside

Oh, we're on fire (2x)
We're on fire
Hold me close to you
Let me see right through

Her soul is stripped like wire
Strung out on old desire
I held her back in my arms and set her free
These voices sound like choirs
But there's only one that I hear
Her voice it sounds so clear and she's here with me

(2x)
Oh, we're on fire
We're on fire
Hold me close to you
Let me see right through

And when she radiates
Her face reflects into my eyes
I'll always understand her deep inside
She takes me higher to the moment when I lose my
mind
She always understands me deep inside

(2x)
We're on fire, whoa
Hold me close to you
Let me see right through
