Bleed out, listen to this few words for one last
time...BITCH!!!

Our time is up
Everything is over
IÂ´ll put my trust in alcohol
And our time is up
Still I aint sober
IÂ´ll put my trust in alcohol
But I sure can destroying your life

Forget this letters
Just sleep tonight and pull back the cover
Without a fight

What does it cost
To pull the trigger at you
When I already
killed a few

And I do want to see your blood on my hands
Next time you begging me you wont have a chance
To survive

A Murder that begins my carrÃ©r in may
IÂ´d lived in poorness and nowhere to stay
IÂ´d never thought it ending up this way
But to be honest I like the feeling i had that day

Keep bleeding I will not save you
Will not save you

After a while IÂ´d got used to this situation
And I thought all of THEM had vacation
And all the shit about "Fight for your own nation"
Do they really belive all guys had that patient

Live up to your self

Will not ever save you from me
