Woke Up This Morning on the wrong side of the bed  
Some days you wake up and you wish that you were  
dead  
You never knew that I loved you and you never will  
You never knew that I loved you  
Wish Upon A Star I wonder where you are  
The days go by and I still feel the same  
Wish Upon A Star I wonder where you are  
The years go by and I'm the one to blame  
Drove by your house again today thinking of the past  
You said it's funny how our lives go by so fast  
You never knew that I loved you and you never will  
You never knew that I loved you  
Wish Upon A star I wonder where you are  
The days go by and I still feel the same  
Wish Upon a Star I wonder where you are  
The years go by and I'm the one to blame  
You never knew that I loved you and you never will  
You never knew that I loved you  
Wish Upon A star I wonder where you are  
The days go by and I still feel the same  
Wish Upon a Star I wonder where you are  
The years go by and I'm the one to blame  
I'm the one to blame
