Eep epp ork ah-ah
(Eep epp ork ah-ah)
Eep epp ork ah-ah
(Eep epp ork ah-ah)
Get in the capsule, baby
We are blasting off

Eep epp ork ah-ah
Eep epp ork ah-ah
Eep epp ork ah-ah
And that means I love you

Well now, I took my baby for a ride in space
(Eep epp ork ah-ah)
And met a funny little man with a funny, funny face
(Eep epp ork ah-ah)
He taught us both to wail this way
(Eep epp ork ah-ah)
Nobody digs a word we say
(Eep epp ork ah-ah)

Eep epp ork ah-ah
Eep epp ork ah-ah
Eep epp ork ah-ah
And that means I love you

Come fly with me
Up high with me
Come fly with me
Now eep epp ork means I dig you

Yeah, I read my baby loud and clear
(Eep epp ork ah-ah)
She just said, "I love you dear"
(Eep epp ork ah-ah)
Now when I reply the way I do
(Eep epp ork ah-ah)
I just said, "I love you too"
(Eep epp ork ah-ah)

Eep epp ork ah-ah
Eep epp ork ah-ah

Eep epp ork ah-ah
And that means I love you

Come fly with me, up high with me
Come fly with me
Now eep epp ork means I dig you

You heard the word that crazy word
That word you heard
And eep epp ork means I love you

Now, I took my baby for a ride in space
(Eep epp ork ah-ah)
And met a funny little man with a funny, funny face
(Eep epp ork ah-ah)
He taught us both to wail this way
(Eep epp ork ah-ah)
And nobody digs a word we say
(Eep epp ork ah-ah)

Eep epp ork ah-ah
Eep epp ork ah-ah
Eep epp ork ah-ah
And that means I love you

Eep epp ork ah-ah
Eep epp ork ah-ah
Eep epp ork ah-ah
And that means I love you

Hop on baby, I'll put you in orbit
