Crossed the path then I followed your face
It was hard to believe it was hard to trace
I saw you today seems like I see you everyday
But there's something I figured out 'bout you
Ooh ooh ooh ooh ooh yeah

So ugly, I'm tellin' you strait
So ugly, don't make a mistake
'Cause you're ugly you could bet it on the bank
Say why, why, why, would I lie to you?
Why would I lie, why would I lie?

You're so ugly all the time ugly
You ain't no friend of mine
'Cause you're ugly you could bet it on the bank
Say, why, why, why would I lie to you
Why would I lie, why would I lie?

When you smile or a frown
I'm so tired of you being around
Engaged in some sexual acts
We'll I'm just gonna have to tell you all the facts
What could that be about, well here's a clue
Ooh ooh ooh ooh ooh yeah

So ugly, I'm tellin' you strait
So ugly, don't make a mistake
'Cause you're ugly I'm tellin' you that
I say why, why, why would I lie to you?
Why would I lie, why would I lie?

Your so ugly, all the time ugly
You ain't no friend of mine ugly
You could bet it on the bank
Say, why, why, why would I lie to you?
Why would I lie, why would I lie?
You're so ugly, la la la la, so ugly
