Yeah... this should ring a bell

Random Beats... uhh

The Mega Ran project is all fun and games but

Let's get serious, yeah, yeah

You ask who produced that, move back

Tried to label me boom bap but I removed that

I keep it pimpin like minks and gators

Hard to get like tickets for the Knicks and Lakers

Jumpstart hip-hop like defibrulators

Or a school yard bully, what an instigator

Yes man never stressed man, shocked like Elecman

Make it bounce like an amateur check scam

I'm Doctor Who, does the impossible

Improbable, who do it like I can do?

Amputate, you can't ambulate

We're like distant cousins, you can't relate

Basketcase, I crash the place

It's not that I don't want to, but I just can't be fake

I tear 'em in twos, want me to fail I refuse

70's baby makin music with the spirit of "Blues"

Doubt my art, rappers get impaled with darts

Mega Ran got mo' beats than a healthy heart

Y'all can tell the event, ring the alarm, it's Big Ran

It's the bomb sort of like a terrorist threat

Yo step to the back, and get tested... no wait

I'ma just do this joint

Wait, let me just start over from the top

I can get this right

{*beat changes*}

Yo, step to the back, none testin the cat

Blessin the track, it's a fact, you ain't messin with that

Umm, don't bother comin for less than a stack

Need that guac' young boy, come better than that

From, P-H-I to P-H-X

Coast to coast they talkin but we ain't stressed

And it's, easy money when we smash and grab ya

Shelter dub money no laughin matter

We, think alike cause we joined minds
Shorty movin they waistline to tunes up and down
basslines
Go to the club, I'm never runnin less
But the Mega Buster keep me kinda heavy on the wrist
Yeah - no jewels, no bodyguards
No furs, no 20 man entourage
I just do what I love, and love what I do
It's the truth, so here's what I need you to do - just
dance~!

[Roseblack sings]

[Random: repeat 2X]
Dance like ain't nobody watchin
Live life 'til you ran option, no we ain't stoppin
Got to keep it poppin, front to the back
If you with me holla back like dat

[Roseblack sings to fade]
