If I could only hear you say, that you've been waiting
for me.
I wouldn't wait for one more day, before I'd get you to
see.
Noone could love you more than I, and all that I want to
be is,
your friend, your lover, my love, discover.

I know I'll see you in my Dreams Tonight.
I know you'll be there when I call out your name.

I feel like this is something new, it's just a matter of
fact.
Sometimes it seems so deja vu, it's hard to know how
to act.
You've got to get out of my head, I need to feel your
skin.
So warm. So tight. Right now. It's right.

I know I'll see you in my Dreams Tonight.
I know you'll be there when I'm screamin' out your
name.
I need the real thing baby, I know I can keep you
satisfied.
I need your real love baby, I want to make you mine.

You know I used to be a real smoothe talker, and now I
can't even make myself talk.
I keep dyin' while you keep denyin' me, my love won't
take a walk.

I hope you'll take me at my word, I'd never tell you a lie.
It's been so tough these last few days, and I think you
know why.
I can't make sense out of these dreams, I'm tired of
waking up dizzy.
I know. I can't have you. I don't care. I still want you.

I know I'll see you in my Dreams Tonight.
I know you'll be there when I'm screamin' out your
name.

I know I'll see you in my Dreams Tonight.
I know you'll be there when I'm screamin' out in vain.
I need the real thing baby, I know I can keep you
satisfied.
I need your real love baby, I want to make you mine.
