This is the last time I'm talkin' in my sleep. I can't recall  
what I dreamed about.

As I remember I wanted it that way. Altering my  
memory won't help in any way.

I'm seeing shadows I know aren't really there. I'm  
seeing faces in crowds that must be where.  
I made the choice to take my psyche back. My inner  
bank has gone from red to black

For The Last Time. For The Last Time. For The Last Time  
I'm telling you.

For The Last Time, all I wanna do, is practice what I  
preach.

I didn't break the rules that they so proudly thought  
were best,  
for everyone else but themselves.  
Don't they know that trying to run others always  
backfires,  
right on the one who's doing all the chewing.

I am the master of my time and space. I see through  
lies like they were looking glass.  
I'm not the spokesman for the human race. But winds  
of change will kick your sorry ass.

For The Last Time. For The Last Time. For The Last Time  
I'm telling you.

For The Last Time, all I wanna do, is practice what I  
preach
