I have made it clear
That I don't want you here
Leave me why can't you see
The past now was destroying me
I am moving on
This story has all gone wrong

Leave now
Just say goodbye
Turn away
Don't watch me cry!
Leave now
Too much to say
Don't speak
Just walk away!
'Cause i'm in the arms of someone special

Over so close the door

I won't love you anymore
My life is someone new
And nothing now involves you
You can't help me now
'Cause i'm in the arms of someone special

Leave now
Just say goodbye
Turn away
Don't watch me cry!
Leave now
Too much to say
Don't speak
Just walk away!
'Cause i'm in the arms of someone special
