Wake up dreamer
Sunshine forever
Closeness, openness
Safe here for both of us

You're the purest feeling
So gentle and fine
Sweet and gorgeous
And I know you're mine

Shelter you, protect you
Enjoy you, explore you
My love is for you
You know how much I adore you

You're the purest feeling
So gentle and fine
Sweet and gorgeous
Oh, and I know you're mine

You're the purest feeling
Oh, I want you to be mine
Sweet and gorgeous, oh, I adore you
Would you really be mine?

Your tears can dry now
My eyes won't cry now
Those years behind us
Another love has found us

Sweetheart
