My love for you it flows, so everlasting
Oh you should know this
You star in all my dreams/ The thought of love between
us
So overwhelms me
But it's how love is supposed to be

{Chorus: Ooh,
everything you say
Oh ya, is just between us
Ooh and everything you do
Oh ya, is just between us}
Every time I stop to think about a love like us
I wake up in the morning wanting for your touch
Wrapped around me, pleasure surrounds me
So glad you found me
Baby come with me
You say the things you know I love, it's cool
I tell you all the ways you feel you know, it's cool
Let me take you
You're bound for pleasure
Be mine forever
Baby come
with me

So when you hold me close to you
I feel you, oh you're so precious
Tender lips seduce me
My wishes
/ You kiss delicious

{Chorus: Ooh, everything you say
Oh ya, is just between us
Ooh and everything you do
Oh ya, is just between us}
Every time I stop to think about a love like us
I wake up in the morning wanting for your touch
Wrapped around me, pleasure surrounds me
So glad you found me
Baby come with me
You say the things you know I love, it's cool

I tell you all the ways you feel you know, it's cool
Let me take you
You're bound for pleasure
Be mine forever
Baby come with me

That's how love's supposed to
