Inside my life, my love is there for you, Why has it come between the two of us, Each day i find, there's nothing left to prove, Look what it's done to the two of us,

(chorus)

So if anyone could love you more, How could anybody love you more, Don't look around, don't look around, Get a little bit closer everyday, I get a little bit closer to you, my love,

So what is there to loose, We will never know untill it's gone, One day you'll find, that am still there for you, Through all the conflict between the two of us,

(chorus)

So if anyone could love you more, How could anybody love you more, Don't look around, don't look around, Get a little bit closer everyday, I get a little bit closer to you, my love, Get a little bit closer everyday, I get a little bit closer to you, my love

Don't look around, don't look around Get a little bit closer everyday, I get a little bit closer to you, my love, Get a little bit closer everyday, I get a little bit closer to you, my love Get a little bit closer everyday, I get a little bit closer to you, my love Get a little bit closer to you, my love Get a little bit closer everyday, I get a little bit closer to you, my love Get a little bit closer to you, my love Get a little bit closer to you, my love Get a little bit closer to you, my love Get a little bit closer to you, my love Get a little bit closer to you, my love Get a little bit closer to you, my love Get a little bit closer to you, my love
