Whoa, whoa, Whoa, whoa, Whoa, whoa,

It's just my luck she's got someone else in mind  
It's just my luck It happens all the time  
Does it have to be this way for me  
Hell, yeah, cause it's just my luck

I was dancin' to my favourite song  
When I saw her lookin' at me  
She was hot, she was fine and it blew my mind  
When she said come dance with me

After the song was over, I walked her to the bar  
I wanted to lean in and kiss her again  
She said I love to introduce you to my boyfriend

It's just my luck she's got someone else in mind  
It's just my luck It happens all the time  
Does it have to be this way for me  
Hell, yeah, cause it's just my luck

I was walking down the street one day, when two girls  
were smiling at me  
They were hot, they were fun, I thought two at a time,  
what a perfect fantasy  
Just when I offered my number, they turned and  
laughed at me  
Then they walked away hand in hand, kissing each  
other passionately

It's just my luck she's got someone else in mind  
It's just my luck It happens all the time  
Does it have to be this way for me  
Hell, yeah, cause it's just my luck

Whoa, whoa, whoa, whoa, whoaâ€¦..

I thought I met the girl of my dreams, the perfect  
picture from a magazine  
She was hot, she was fine, didn't waste any time, When  
she said your place or mine

I'm thinking my problem is over, She's turning the  
lights down low,  
Just when things were starting to go my way, all along  
she kept callin someone else's name  
(ah, damnâ€¦!)

It's just my luck she's got someone else in mind  
It's just my luck It happens all the time  
Does it have to be this way for me  
Hell, yeah, cause it's just my luck

It's just my luck she's got someone else in mind (whoa,  
whoa,â€¦.)  
It's just my luck It happens all the time  
Does it have to be this way for me  
Hell, yeah, cause it's just my luck

It's just my luck she's got someone else in mind  
It's just my luck It happens all the time  
Does it have to be this way for me  
Hell, yeah, cause it's just my luck

It's just my luck she's got someone else in mind  
It's just my luck It happens all the time  
Does it have to be this way for me  
Hell, yeah, cause it's just my luck

It's just my luck she's got someone else in mind  
It's just my luck It happens all the time  
Does it have to be this way for me  
Hell, yeah, cause it's just my luck
