Chorus

Its just my luck shes got someone else in mind
its just my luck it happens all the time
does it have to be this way for me?
hell yeah cause its just my luck.

i was dancing to my favourite song, when i saw her
looking at me
she was hot, she was fine, nearly blew my mind,
when she said, "come dance with me."
After the song was over, i walked into the bar
I wanted and lean and kiss and a hug(????)
she said, "i'd like to introduce you to my boyfriend!"
Its just my luck shes got someone else in mind
its just my luck it happens all the time
does it have to be this way for me?
hell yeah cause its just my luck.

i was walking down the street one day,
when two girls, were smiling at me
they were hot, they were fine,
i thought two at a time, what a perfect fantasy.
just as i offered my number, they turned and laughed
at me.
then they walked away, hand in hand...
kissing each other passionately!!!!

Its just my luck they've got someone else in my mind
its just my luck it happens all the time
does it have to be this way for me?
hell yeah cause its just my luck.

i thought i met the girl, of my dreams
a perfect a picture from a magazine.
she was hot, she was fine, didnt waste any time,
as she said, "your place or mine?"
im thinkin my problem is over,
she's turnin the lights down low.
just when things were startin to go my way,
all along she kept callin, someone else's name!
"o way to go!"

Its just my luck shes got someone else in mind
its just my luck it happens all the time
does it have to be this way for me?
hell yeah cause its just my luck.
repeat 3 times
