Strap on your safety belt

Blazing in the sky

Thinking of nothing

No disguise

What happened to the one

The one you thought you knew

Did he just take away

What is missing in you

let him run

Till he sees what he has done

Let him go on

Having all his fun

Take off your rocket shoes

And the straps from your wings

Wishing for miracles

Hear the young boys sing

What will you say to him

When he's back at your door

Got no time for users

I don't need you anymore

Let him run

Till he sees what he has done

Let him go on

Having all his fun

Let him cry

See the tears fall from his eyes

Let him run

Run, run, run, run, run
