Practitioners of the perverse  
Fucking lifeless cunts  
Fill them full of cum  
Slice and dice them up  
Throw them in the dump

[Chorus:]

One by one I kill them all and fuck their battered corpse  
Violating each and every fucking orifice  
Every sick thought flowing through my head will be  
fulfilled  
Through these deaths my destiny will finally be  
revealed  
I just want to see your fucking cunt  
Legs spread far and wide  
Smell of pussy gets me high  
Cock erect in hand  
Busting nuts on dead cold skin  
Stupid fucking whore  
Got what she was asking for  
She is the one who will live out my sick fantasy

[Chorus]
