An abomination in the eyes of the lord woe unto thou  
seeker of forbidden fruits  
Thy sins of sodomy shalt not go unpunished so saith  
the lord, thy god  
The lord speakerth through me as his vessel of  
judgement his wrath eternal  
Ye repenteth not  
?his words?  
?my words?  
The holy spirit has blessed us with his presence  
10 AMPs of divine power  
Flows through my hands thou shalt be uprooted  
Cut like a cancer by a jewel of your flesh  
Down the middle of thy shaft your penis cut into twine  
Thy anus ripped in half at 4500 RPMs for this iniquity  
against the king of kings  
Thou art an abomination to me drinker of masculine  
seed  
Your flesh shalt be cleansed as your blood stains my  
blade  
Shredding your colon severing your intestines  
Heathen queer of the devil may the lord of hosts given  
me the strength to drive thee out  
By the blood of the cross, I case y out!  
She sacrifice for your sins have been offered the blood  
of thy flesh has washed your sins away  
Now the atonement has been accepted
