[Big Treal] Yo, y'all know who the fuck it is man This
your boy Uncle Joc representing the 9-1-9 Niggas be
hitting me on the cell tryna get Big Pooh on tracks and
shit Bitches see us pull up in the club with big cars Want
us to buy drinks and shit, fuck that shit man Do your
own thing cuz, bitch, holler! [Chorus 2X: Big Treal]
Everywhere we go people ask who we are Pull up to the
spot in them big fancy cars People say them boys
looking something like stars If you couldn't tell, now
you know who we are [Rapper Big Pooh] Tattered up,
seem broads want to chat it up Pat her butt, tell her
strut, go on, do your thing Cause I rap, want to ask me
if I know {?} What you know about that? That's a
favouring Lil' kids say we rap and we got to bang That's
fucked up, kids now believe everything I don't work so
my neighbors probably think I slang White folk only
know you if you got some fame or they kid's kid's kid's
can recite your name I'm one to whisper cause I'm
Craig T on the plane They think I'm struggling cause
they never see me with a chain That's choice fam, I
shouldn't have to explain I'm the type to take a car
when niggas take trains I'm the type to take a boat
when niggas take planes When you see me next time
just expect change I'm going back to the range, get
your head right [Chorus 2X] [Rapper Big Pooh] I hear
you talk right, but most of y'all, you don't walk like I
guess you talk like a dog barks 'stead of bite Weak
niggas want to shoot but they ain't tryna fight All dirt
get exposed in the right light Nowadays I'm hearing
people say they write like can do better than this
underrated veteran I'm thinking niggas just mad I'm
ahead of them This a marathon homie and I'm settled
in You big time or you paper-thin As long as paper
getting fat, I can pass to my next of kin I be okay how
my story end Getting told by historians, they say that
Poobie ill Haters underestimated the skill People can't
get enough, heard they haven't been filled And I feel
the truth just been sealed Only time will reveal what the
real niggas feel, uh [Chorus 4X]
