I dug my grave but there were blanks in the gun  
Sitting beside you I swore you were the only one  
Goodbye friends true love and happy endings  
It's all the same

Forgive me I must have just been lonely baby  
Forgive me I must have just thought I was in love  
Forgive me but don't ask me why  
My fingers crossed until I die

And the light shining in your eyes  
It changed me for good  
And that's a while darling  
That's what I call you...  
That's what I call you when I dream

Forgive me I must have just been lonely baby  
Forgive me I must have just thought I was in love  
Forgive me but don't ask me why  
My fingers crossed until I die

No obstacles between my heart and my words  
My lips the great liaison to my soul  
You make me feel like a lonely cowboy  
Alone on the range late at night  
You make me feel just like a lonely cowboy

But it's alright  
It's a soul ride  
It's a soul ride  
So it's all right
