You're the one from my dreams  
Who I fantasize about  
When I find out who you are  
All my dreams will turn to doubt  
All you want to hear is truth  
But all you'll ever say are lies  
Plus it's a willed catastrophe  
And now you're waiting for me

Don't wait for me tonight  
Cause I'm breaking down  
And I'm freaking out  
Don't wait for me tonight  
Cause I'm dying inside  
And I'm freaking out

You're the one who'll say goodbye  
When my tears have up and dried  
When my sorrow dragged me down  
You won't think "It was then upon me"  
But I won't be with you  
Cause tomorrow we'll be through  
Give up all this wasted life  
So don't wait tonight

Don't wait for me tonight  
Cause I'm breaking down  
And I'm freaking out  
Don't wait for me tonight  
Cause I'm dying inside  
And I'm freaking out

You're the same  
Cause you always lie  
I'm not the same  
Cause I don't wanna die  
Why can't you  
Just go away?  
Start to cry  
If you want to  
I would like to try to

Understand that you need to  
Leave

Don't wait for me tonight  
Cause I'm breaking down  
And I'm freaking out  
Don't wait for me tonight  
Cause I'm dying inside  
And I'm freaking out

Come tonight  
Woah  
Leave tonight  
Tonight  
Come to die  
I'm freaking out
