(myles goodwyn)

Published by northern goody two tunes, ltd./capac -  
ascap

You take my breath away, it's not the things you do  
But the way you do it, I knew it was gonna work out this  
way  
It's beyond the point of pleasure, to the point of no  
return  
I should know better, whatever, I guess I'm gonna live  
and learn

Gimme that thing called love, show me a thing about  
love  
Gimme that thing called love, show me a thing about  
love  
Reach out and touch me girl, I wanna tell you that it's  
right this time, this time

It's such a sweet surrender, I feel myself going under  
your spell, oh well  
Right or wrong, baby go on, just have your way with me  
I don't scare that easily, whatever you want, please go  
on  
Whatever it takes, take it out on me, come on

Gimme that thing called love, show me a thing about  
love  
Gimme that thing called love, show me a thing about  
love  
Hold on, look my way, I'm turned on by the things you  
say  
I won't forget about the night we had  
I won't be sorry for the things I've said, this time

Reach out and touch me girl, I won't be sorry for the  
things I've said

It's satisfaction guaranteed, I won't pretend it'll always  
be this way  
But at least I'm gonna have my day

Beyond this point of pleasure, to the point of no return  
I should know better, whatever, I guess I'm gonna live  
and learn

Gimme that thing called love, show me a thing about  
love

Gimme that thing called love, show me a thing about  
love

Reach out and touch me girl, reach out and hold me  
girl

I won't forget about the nights we've had

I won't be sorry for the things I've said, this time
