I know I taste your essence  
With the Blackness of my mind  
Pain is me and I'm restless  
The wedding bells of death now chime  
In the darkness of your mourning  
All your treasures become mine

A living flame  
Will be your star to follow  
Stolen Splendor I am there...  
BY THE HAMMER OF ZEUS AND THE WRECKING BALL OF  
THOR!

Black is my heart in spite of the dawn  
Black is my soul with fear, force and malice  
I bring the sun out of the dark  
Rabid and sharp you'll feel the madness  
From my black dead world

Evil winds blow on the water  
Fill your mouth with poison wine  
All behold and the arts of murder  
The seven winds of Ann cry  
Thunder, spear and sacred iron  
Set a course of Man divine

The mountain flame will be your star to follow  
Golden splendor... I am there...  
BY THE HAMMER OF ZEUS AND THE WRECKING BALL OF  
THOR!

Black is my heart in spite of the dawn  
Black is my soul with fear, force and malice  
I bring the sun out of the dark  
Rabid and sharp you'll feel the madness  
From my black dead world

Savage I start to tear out your eyes  
The Gods swarm like flies in the starlight...  
True flesh is born to rape Ancient forms  
A grave for your world where the God light

Tears your soul

I am the son of the sun, I am the wrecker of pain  
I am the son of the sun born to no one  
I am the wrecker of pain  
Nothing remains of your world...

Savage I start to tear out your eyes  
The Gods swarm like flies here on my sacrifice  
Kingship has come to Heaven's new son  
A grave for your world as starlight bleed you gold

I know I claim your essence  
In the Blackness of my mind  
Pain is me and I'm restless  
The wedding bells of death now chime

The Golden Hawk will be your start to follow  
Throne of fire I am there...
